

Dear valued Stoller South Africa partners and clients,

RE: NATIONAL LOCKDOWN | 26 MARCH - 16 APRIL 2020

Stoller South Africa fully supports the nationwide shutdown and measures announced by President Cyril Ramaphosa on 23 March 2020 to flatten the infection curve of COVID-19 in the country.

We are fully committed to doing our part, and to protect our customers and employees to the best of our ability during the lockdown period. Stoller South Africa will also contribute to the Solidarity Fund, supporting the positive initiatives of the Government and the business community by assisting smaller businesses in South Africa.

We would like to communicate that Stoller South Africa will be operational during the lockdown period as we are classified as an essential service provider to the Food and Agriculture sector. Our dedicated sales and admin teams will work remotely and will continue to be available telephonically and on email for any queries and/or questions. Our agronomists and field assistants will be in contact with you to discuss your requirements to determine how best to meet your needs and mitigate any disruptions in service delivery during this time.

We wish our valued partners, clients and their families good health and peace during these uncertain times.

Stoller South Africa
